Counselor Corner featuring Mr. Hamm

Hello Students! There is no doubt that many of you have experienced some anxiety with work that you need to do for school and all that is going on in the world today. I want to pass on some activities and ideas for you to use at home (and some you can even do while at school) if you're feeling stressed! Here is the first suggestion:

Sit or lay in a calming position, close your eyes and take a one-minute vacation. Imagine you're some place you enjoy being...the beach, the woods, down by the creek, at Grandma's house, or somewhere else. Now, focus on your five senses: What do you smell? Taste? Hear? See? Feel? Think about what relaxes you, take another minute or two if needed, then get back to what you were doing before.

Upcoming Events

- * January 15th—No School/Teacher Workday
- * January 18th—No School/Martin Luther King, Jr. Day
- * January 21st—Grade cards go live
